## About Us

### **İMFALT ROAD CONSTRUCTION AND TRADE INC.**

Since its' foundation, İMFALT YOL YAPI SAN. ve TİC. A.Ş. ("Company") entered into and finalized many successful projects both in Turkey and overseas. Our Company has carried out works for the General Directorate of Highways (KGM), General Directorate of State Airports Authority (DHMI), Turkish State Railways (TCDD) and various metropolitan municipalities in Turkey and in overseas has worked with different Turkish and foreign solution partners, which have a leading role in contracting sector.

The specialized areas of our Company are infrastructure, engineering structures, bridges, double highway, runway construction in airports, potable water, rain water and waste water projects and asphalt pavement projects. In addition, our Company, which became a leading company in its sector due to its expert staff and wide plant and equipment park with a total value of €22.500.000 today, still continues to widen its plant and equipment park investment. Our Company's main priority is to implement our projects in compliance with international standards without any default, complete the projects with high quality and in a timely manner and work safety.

Our Company's target is to continue rendering our services both in Turkey and overseas in a way to meet all expectations and needs while taking into account the best quality standard. Along with this target, our Company's mission is to keep up with the latest developments in the sector, sustain our leading role in the sector and to bring our Company to higher levels.
